## Letter of Recommendation

Dated: 8<sup>th</sup> Feb 2016

It gives me immense pleasure to write about my very pleasant association with Mr. Pankaj Kumar. He is one of my Fourth year undergraduate students currently studying pursuing his undergraduate thesis under my supervision. I have known him for two year and had the opportunity to observe his strengths during course work as well as B.Tech project work.

Mr. Pankaj Kumar is highly motivated, systematic and productive. Mr. Pankaj is sincere and hardworking. He is a humble and holds high values for ethics and morals. He has contributed to his fullest in his B.Tech project. Expectedly, we are thinking of publishing the work done by him in an international journal. He has high potential for research work. He has a pleasant personality and can mingle within a group well. Apart from his academic work, as I am aware, he is also involved in several other organizational activities in the institute.

To conclude I would like to summarize Mr. Pankaj Kumar as a very promising scholar who is intelligent, confident and positive. I strongly believe that his ability to carry out research work may be the best in his age group. If there are any other queries regarding her candidature, please feel free to contact me at 91-22-2576 7341 or drop an email at [n.r.velaga@iitb.ac.in](mailto:n.r.velaga@iitb.ac.in).

Thank you.
